Someone once said that there is a time for everything, and now the time has come for members of the Class of 1982 to go our separate ways. Because time and circumstances may prevent some of us from ever meeting again, we have endeavored, in the pages of this yearbook, to freeze a few precious moments of our time together.

A TIME FOR WORK

A great deal of time at S.A.H.S. is devoted to work. Class work, of course, occupies the largest portion of time during a school day. There are book reports to write, math problems to solve, and thousands of tests to study for. Not all the work is confined to the classroom - there are many jobs created by the various clubs and sports. Selling candy is always very popular, and never a day goes by that someone is not in the ticket booth, a favorite meeting place during lunch periods, especially when an organization wants to push its product. Some other jobs around school include decorating for dances, helping in one of the offices, and preparing the yearbook. No one will ever complain of boredom though, because at South Allegheny there is always something that needs to be done.

A TIME FOR ACTIVITIES

A wide variety of activities is available to interested students. Those who are sports-minded can participate in basketball, football, and a host of other sports. Thespians can display their talents in the junior and senior class plays. Budding journalists can write for the two newspapers or the yearbook. In addition, there are many clubs whose activities include dances, parties, and educational trips. No matter what time of the year, there is always an exciting activity going on at South Allegheny.

A TIME FOR LAUGHTER

When your teacher announces yet another test for the same week, you drop your books in the hall during class change, someone slams your locker shut before you are finished, you leave your lunch on the bus, and you receive a demerit for forgetting your gym clothes, it is definitely time to laugh. After all, what else can go wrong?

French Club members had a year of fun and frolic. Their organization's activities included a Halloween party, a Christmas party, a hayride co-sponsored by the German Club, an in-class Mardi Gras, and a year-end picnic. In addition to enjoying themselves, students were also learning because most of the events involved some aspect of French life, games or food. Hoagies were sold at the end of the school term to begin raising funds for a proposed trip to Quebec in June, 1983. The French Club was sponsored this year by Mrs. Bernadette Squeglia.

The walls had been painted by club members at the end of the last school year, and students added Spanish motif artwork. Funds to defray costs of this project and other club activities were obtained through a candy sale.

Science Club acquired a new look this year with their "designer" T-shirts, available to members only. A wide variety of activities and fund raisers kept members' interest at an all-time high. The spice sale was a very successful fund raiser, and proceeds from this and other sales provided necessary money for field trips. Under the direction of Mrs. Janice Skraly, the club's sponsor, members visited science classes to promote high quality science fair projects and are, at least in part, responsible for the school's successful representation at the fair. Frequent media presentations and guests speaking on topics ranging from embalming to archaeology rounded out the year.

The National Honor Society is an organization for students who exhibit qualities of leadership and scholarship. Students must maintain a 3.0 grade average, along with other qualifications, in order to be considered for membership in NHS. The organization's main activity this year was collecting money for Children's Hospital. Under the direction of their sponsor, Mr. Ralph Fasiczka, members canvassed for donations among students and faculty members during homeroom and lunch periods. Initiation of new members took place in the spring.

LESTER HILL

Lester Hill is a simulated office conducted by the office practice classes. A regular business office is set up and students are each given individual jobs to do in the five different areas. The areas are: Tallidata, Sales, Warehouse, Traffic and Accounting. Grades are calculated by how much work is completed.

Grand Opening of Lester Hill is started by a cutting of the ribbon for each separate class period. The faculty is invited to the opening to enjoy cookies and punch and also a guided tour throughout the business office.

SLAVE DAY

A popular Junior Class fund raiser this year was Slave Day. On the first of the two designated Slave Days, girls tagged the males slaves of their choice with a "ball and chain" purchased from the Junior Class. The slave was then dressed in special attire and performed such tasks as carrying books and buying lunches. On the second day, boys had an opportunity to reciprocate by tagging a female slave; however, the desire for revenge must not have been very strong—there were fewer female slaves.

What a crew!

Nice Legs!

You'll never make it as a majorette.

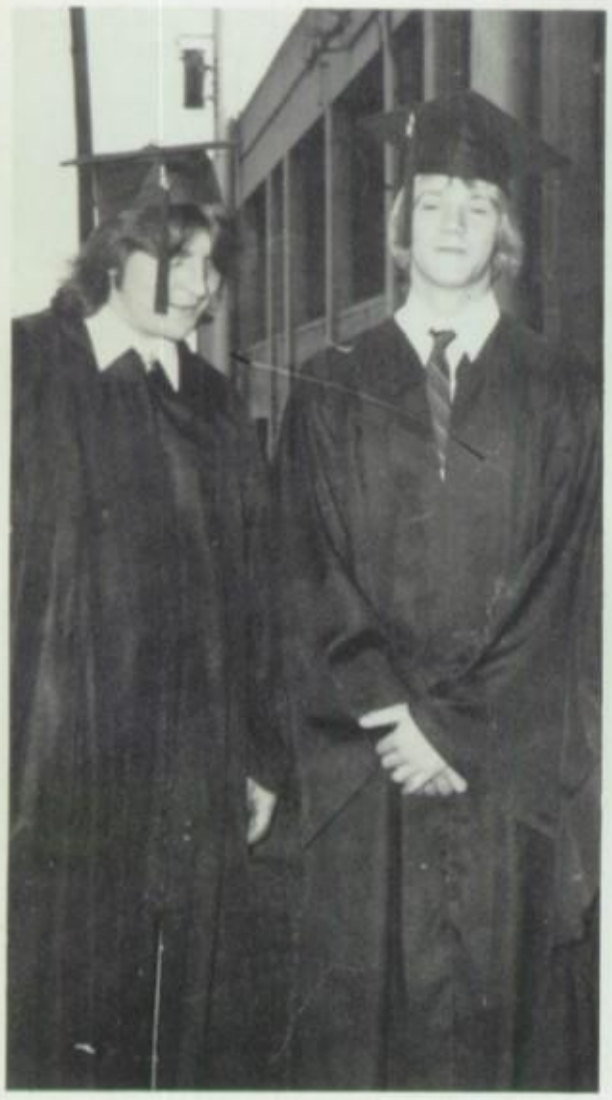
GRADUATION



The graduation ceremonies for the Class of '82 were held on Friday, June 11, 1982, at the Glassport Memorial Stadium. While the students waited anxiously for the event to begin, they talked, laughed, made plans for the summer, and posed for countless pictures.

School Board President Robert Kushner and Superintendent Charles Lalley led the graduation procession. The soon-to-be graduates followed.

The students wait solemnly until the entire class has taken their places.

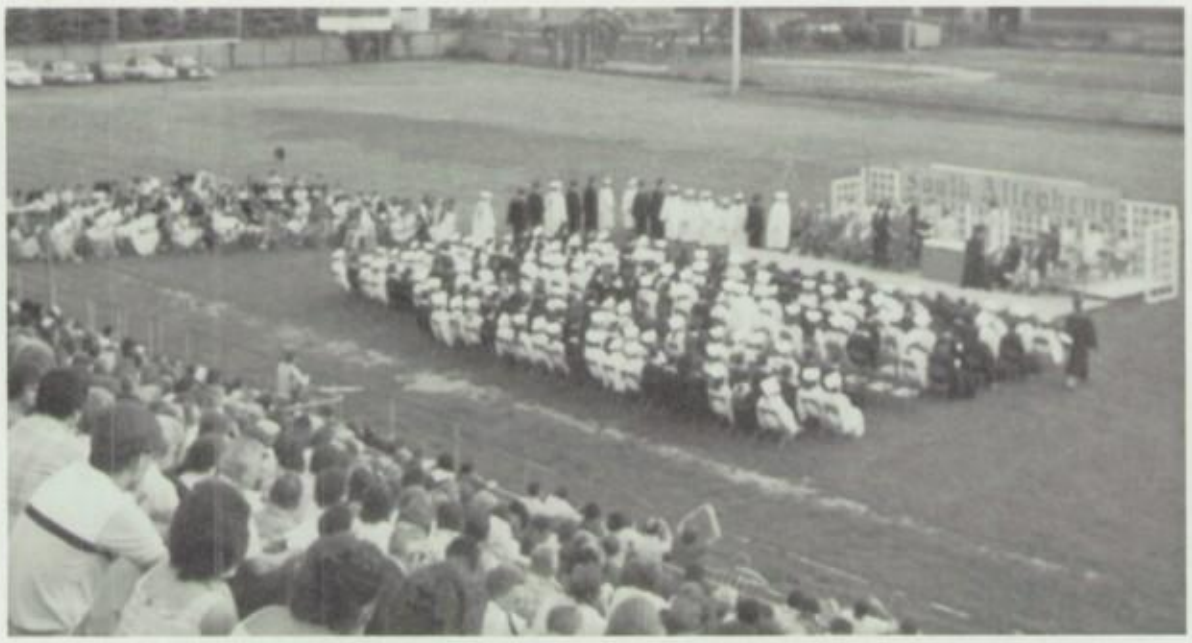
Mr. Lalley addresses the crowd at the start of the ceremony. Senior Class President Sue McKelvey gives a speech entitled **Through the Years** to her fellow students. Next, Senior Class Vice-President Lena Spagnola presents Jim Jakubek, President of the Class of '83, with the Key to the School and extends good wishes to the upcoming seniors.

During the ceremonies, Anne Marie Bosnyak was presented with the Outstanding Senior Award, and Mrs. Janice Skraly was named Outstanding Teacher.

Linda Matias, Karen Portner, and Janice Hutskow were also recipients of scholastic awards during the program.

Other students receive their diplomas. Only 199 students graduated this year - the smallest class thus far.

Now the time that everyone eagerly awaits has come - the diplomas! Mike Adam is the first graduate.



The 1982 Graduates! We finally made it. Congratulations and good luck to all!

THANKS, MOM AND DAD!

Fellow Classmates,

As time passes, memories of school gradually fade. Football games, dances, and special moments are tucked away in a small corner of the mind. It is my hope that **De Nobis '82** will serve to re-kindle these memories for you in years to come.

A yearbook becomes a reality through the efforts of many people. I can't begin to acknowledge each one individually, but I would like to thank the administrators and faculty for their patience and understanding; the staff members for their time and work in identifying, checking and re-checking; the advertisers and individuals who supported our fund-raising activities; and, last but not least, our sponsor Mrs. Patricia Palmer for all of her efforts on behalf of the yearbook.

I have two special wishes for each of you - that you achieve the goals you have set for yourself, and that you are happy.

Best of luck in all you do,
LINDA MATIAS
Editor-in-Chief
